NECK and DÉCOLLETÉ

Anti-age Cream for Neck and Décolleté

Restructuring firming

The skin will be elastic and firm even in the most critical and delicate areas. Thanks to the Idealift™ and Juvinity™ systems, its daily use will give plasticity and firmness to neck and décolleté and will prevent sagging. A pleasant therapy for a smoother and revitalised skin.

Anti-ageing targeted action:

- Revitalises the tissues;
- More tonic and elastic contours;
- Lifting effect after 2 months of treatment.

Idealift™ system

It is based on a protein that makes the skin more elastic, hydrating it in depth, in order to prevent skin slackness and improve dermal compactness. It stimulates the synthesis of elastin and encourages a correct and functional structure of the fibres by influencing the elements of the tissue structure.

More defined face contours **+70%***

Natural Principles

Argan oil: moisturising, nourishing, protective, regenerative and elasticising properties. It stimulates the production of collagen, preventing the appearance of wrinkles.

Joboba oil: highly moisturising and antioxidant properties. It reinvigorates, regenerates and soothes stressed skin. Easy to absorb, it makes the skin smooth and silky.

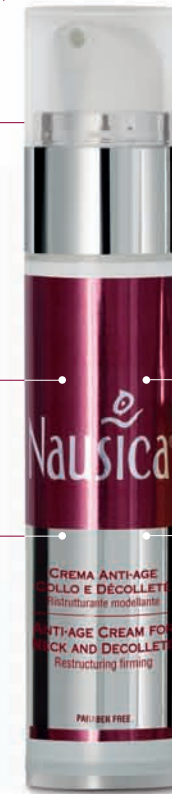

Juvinity™ system

Exclusive and advanced cosmetic specialty, suitable for tissue ageing prevention by restructuring and densifying the dermis. It protects the cells from oxidative deterioration. It reactivates the synthesis of the most important elements of the dermis and extends the cells' lifetime.

-20%** After 2 months softening of the deep wrinkles

*The system has been tested on a sample of 26 volunteers with an average age of 62. After 2 months of daily treatments (Idealift 4%).

**The system has been tested on a sample of 43 volunteers with an average age of 58. After 2 months of daily treatments (Juvinity 2%).

Shea butter: extracted from Shea nuts, it has soothing, moisturising and antioxidant properties that make it a fantastic natural cosmetic.

E: powerful antioxidant
F: maintains cellular integrity

Instructions for use:

apply to the neck and décolleté areas every day for at least 2 months, massage until completely absorbed.

Total effect

See the world with brand new eyes... with defined and relaxed contours. With our state of the art Eyeliss™ and Beautifeye™ systems, you can eliminate puffiness and lift your eyelids, thanks to the active ingredients' draining properties. For a younger and more intense look.

Anti-ageing targeted action:

- Lifts the eyelid;
- Reduces dark circles;
- Reduces eye bags;
- Lifting effect without invasive surgery (blepharoplasty).

Beautifeye™ system

Protects, strengthens and improves the skin properties. It reduces capillary permeability and the accumulation of the pigments responsible for skin devitalisation. It gives the upper eyelids a lifting effect, offering an alternative to invasive surgery (blepharoplasty).

New Life Gentle soothing cream

Jojoba oil, Aloe Vera and Camomile

A soothing and softening touch for the most delicate skin types, subject to redness and cracking. Its emolliating ingredients produce a soothing effect on the skin, stressed by depilation, epilation, tattoos, exfoliating treatments and sunburns. Bring back the softness and silkiness of your skin.

Soothing targeted action:

- Reduces redness;
- Repairs skin cracks;
- Reduces inflammations.

Natural Principles

Aloe Vera:

its properties are limitless: it accelerates skin regeneration, reduces irritation and redness, hydrates the tissues, and eliminates skin itching.

Alfa Bisabolol (Camomile):

this is the most important part of the camomile essential oil. It has gentle, soothing and relaxing properties, reduces redness.

Jojoba oil:

highly moisturising and antioxidant properties. It reinvigorates, regenerates and soothes stressed skin. Easy to absorb, it makes the skin smooth and silky.

Glycyrrhetic (Liquorice):

it is an organic acid, extracted from liquorice root. It is often used for its anti-redness and reepithelialising action.

Instructions for use:

apply to the affected area, rub in until completely absorbed.

Rebalancing pH 5.5

Rebalancing Acid Cream

with Vitamin C

Delicacy and nourishment for the right pH balance of your skin. Formulated with the aim to prepare the face, neck and décolleté tissues before any type of treatment, thus making it much more effective. For a healthier skin every day.

Rebalancing targeted action:

- Quick absorption;
- Suitable for all skin types;
- Moisturizes and protects.

Natural Principles

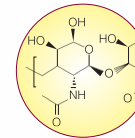

Sweet Almond oil:

thanks to its emollient, nourishing and elasticizing properties, the Sweet Almond oil is particularly suitable for the hydration of even the most arid and dry skins, helping in the delay of skin aging.

Sodium Hyaluronate:

absorbs and maintains the water present in the skin; when it comes in contact with the skin, Hyaluronan reaches the derma and gets absorbed, releasing its active principle during the moisturizing action.

Jojoba oil:

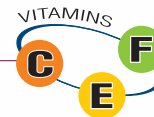

highly moisturising and antioxidant properties. It reinvigorates, regenerates and soothes stressed skin. Easy to absorb, it makes the skin smooth and silky.

C: prevents body tissues from oxidizing by blocking the free radicals present in oxygen. Essential for the formation of connective tissues (collagens).

E: powerful antioxidant;

F: maintains cellular integrity.

Instructions for use:

apply every day to the area to be treated, massage until completely absorbed. Suitable for all skin types.
